WHERE FASHION MEETS FUNCTION

Retractable Patio Awnings

Fully-Casnetted Awnings are our most compact, protective, weather-resistant model available. When closed, Series K300 consumes a mere 6" of space, and its sleek cassette blends into the architecture of your home so it's virtually unnoticeable. When opened, they give the perfect amount of shade without being distracting. A perfect asset for any home.

Options > [Front Dropscreen](#) | [Roof Mount](#) | [4 frame color choices](#)

Series K300

Partially-Casnetted Awnings are strong enough to be commercial grade, yet sleek enough for any application. Its integrated wrap-around hood and stylish front bar closes tight to protect the fabric when retracted. Series G250 is sure to solve your shading problems while providing unmatched performance, endurance and reliability every time it's used.

Series G250

Our retractable products operate through a wide selection of motors and controls by Somfy®.

Our retractable products are recommended by Skin Cancer Foundation.

CREATE YOUR OWN COMFORT ZONE!

Traditional Awnings go hand in hand with style and practicality to offer the utmost in shaded comfort. No matter how hot the weather, you can utilize your Series G150 commercial grade, 8700 or 7700 with ease and piece of mind to fully enjoy your outdoor living space. Your awning will be made to your exact specifications and installed by one of our independent awning professionals.

Series G150

Series 8700

Series 7700

FlexShade Screen Technology gives you power over the sun at the push of a button. Custom Fit to your home, they regulate your interior and exterior comfort while providing shade and glare control over windows and patio areas while protecting you against wind and insects. These are durable and understated, made from the best quality materials.

Options > 6 frame colors | Selection of mesh fabrics | Angled, curved or square profile (zip) | Hand-crank or motorized (non-zip)

Zip System

- Excellent for windows, large patio openings, and creating screen enclosures.
- Blocks up to 90% of solar heat transmission and can lower air conditioning costs by up to 60%.
- Available in custom sizes up to 16'-4" wide and/or 16' tall.
- Sealed ball bearings for smooth, quiet operation.
- Low profile 1 5/8" wide fabric retention side channels.
- Very wind resistant: Wind tunnel tested up to 90 MPH.
- Motorized operation only, utilizing Somfy® brand motors.
- Great for both solar and insect control.

Non-Zip System

- Excellent for small patio and porch openings.
- Available in sizes up to 11' wide and/or 11' tall.
- Available with either 1 1/2" side channels or stainless steel, nylon coated side cables.
- Available with motorized operation (A) utilizing Somfy® brand motors, or a manual operation with hand-crank (B).
- Not intended for insect control.

Stationary Aluminum Awnings

STAY COOL!

Aluminum is affordable, durable and energy-efficient. Made from a heavy-duty mill finish framework, aluminum awnings and canopies are made to endure rain and snow and will never rust. They also can help to reduce summer cooling costs and protect your indoor furnishings from the sun.

Options > [13 baked enamel color selections](#) | [Support arms or sidewings](#)

Door Canopies

Window Awnings

Retractable Window Solutions

TAKE IT EASY!

Window Retractable are an economical and stylish way to protect your home while saving on energy costs. Choose from 200+ fabrics (Vivista also available in Phifer 4500 5% open mesh). Both styles can completely cover your window for the ultimate privacy and solar control. Add optional WeatherGuard™ hood to protect the fabric roll.
